HOTEL GREEN POINT
CAPE TOWN

ACTIVITIES

ON-SITE ACTIVITIES

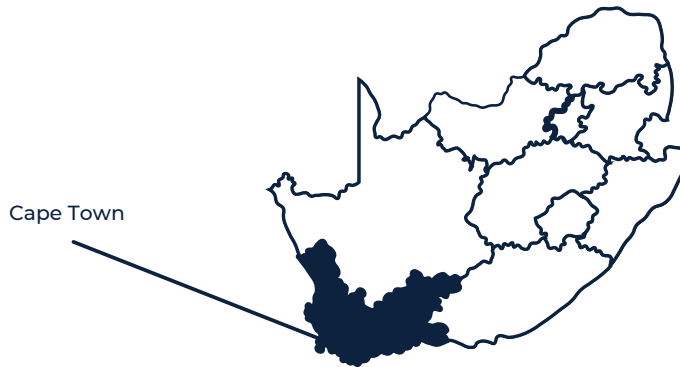

On-site restaurant and bar

Glass walled swimming pool

Rooftop deck and lounge

**TABLE MOUNTAIN
AERIAL CABLEWAY**
9.8km

Table Mountain is one of the 7 wonders of nature. While you stay with us we highly recommend that you either hike up the mountain or use the cableway. The cableway is disability accessible. While tickets are still available on site, buying them in advance gives you fast access to the cable car. A trip up the mountain is educational as well as breathtaking, learn about the natural flora and fauna and the formation of our beautiful mountain. Table Mountain is a definite must-see!

**SEA POINT
PROMENADE**
1.8km

The Sea Point Promenade is one of Cape Town's most lively attractions. While it may seem like just a simple walking path, it brings together all kinds of people, dog-walkers, joggers, cyclists, and many more. The pathway follows the curve of the sea the whole way. The fresh air and views are enough to make you walk the entire walkway and back. Sea Point Promenade starts near the Waterfront and continues all the way through Sea Point. Along the way, you can also find public playgrounds, small cafés, and delight in public artwork installations.

**V&A
WATERFRONT**
2.2km

The waterfront is where you will find a lot of different attractions. V&A Waterfront is a mall, a public performance venue, and is built around a still working harbour, that and so much more. One of our favourite attractions is the Two Oceans Aquarium. A fascinating and fun excursion, the aquarium has aquatic life from all over the world with a specific focus on our indigenous species. Get to know our local friends, in the penguin room.

CTICC
3.8km

At the Cape Town International Convention Centre you will find different conventions happening all the time. Attending an event here will differently educate you and perhaps even change your way of thinking. Pre-booking is necessary. This convention centre also doubles as a theatre for art, musical and theatrical plays. Keep an eye on what is being exhibited during the time of your stay.
